Description

Technical data:

- input voltage: 230V AC, 50Hz
 - nominal charging voltage: 12V DC
 - max. charging current: 100A DC
 - max. charging voltage: 14,4V±0,1V
 - max. consumption from batt. (no mains): 50mA
 - ambient temperature: 0-40°C
 - operation temperature: max.60°C
 - charging characteristics: IUu- 100A-14,4V-13,6V
 - size: 140*200*280mm
 - weight: 7 kg
 - IP class: 30
 - protection: I.class (earthing)
 - cooling: over 40°C ventilator cooling
- Protected against short circuit and sparking.
